EDUCATION

NOIDA INSTITUTE OF ENGINEERING AND TECHNOLOGY (AKTU UNIVERSITY)

B. TECH IN COMPUTER SCIENCE
AND ENGINEERING

Expected June 2025 | CGPA 8.66

CHILDREN'S GARDEN SCHOOL BHABUA (CBSE BOARD)

PCM in Class XII

Grad. April 2020 | 77%

COURSEWORK

UNDERGRADUATE

Object Oriented Programming

Operating System

Data Structures and Algorithms

Data Base Management System

Computer Networks

SKILLS

PROGRAMMING

Languages

- Advance: C++
- Intermediate: Java, JavaScript, Python

Framework & Technologies

- jQuery, React JS, Tkinter
- HTML, Tailwind CSS, MySQL
- Node JS, Express, Mongo DB
- Bootstrap

Tools

- Git, Windows, Jupyter Notebook
- VS Code, Sublime Text, Spring Tool Suite
- Eclipse, Postman, MySQL Workbench

EXPERIENCE

Coders Cave (VIRTUAL INTERNSHIP)

Python Development | Aug'23-Sept'23

- Developed a user-friendly **age calculator** application using **Python** and Tkinter GUI framework. ([Source Code](#))
- Designed an interactive **command-line interface** for user input and result display, Providing a **fun** and engaging experience([Source Code](#)).

Credentials: [Certificate](#) & [LOR](#).

PROJECTS

Empowering Education through Virtual Libraries and Expert Instructions.

- I developed a dynamic and visual engaging website using **HTML, CSS & JavaScript**, integrating **responsive** design principle to ensure optimal user experience. ([code](#))

Random Avatar Generator according to the Name

- I engineered a **dynamic avatar generator** utilizing **API's** and **JQuery**, delivering a seamless user experience through integration of **external data** sources and **interactive** design elements. ([link](#))
